

Michael B Bender, MBA, PMP, CSM

The Speaker

Michael is a world-renowned speaker and seminar leader specializing in organization improvement. A leading authority in organizational culture, project and process management, portfolio management, and strategic planning, Michael brings his vast knowledge to every speech.

Dynamic and high-energy, Michael has spoken throughout the world, including China, India, Europe, the US, and many other areas. Michael engages audiences through humor; real-life experiences; and simple, practical application of complex topics.

See what Michael can do to help you energize your events and your people.

Engaging, Entertaining, and Educational

Michael's presentation style is high-energy, engaging audiences with his humor and real-life stories that directly relate to both the topic and the audience. His experiences obtained from working on such projects and the Hubble Space Telescope, air traffic control systems on three continents, the US weather radar system, and many more allow Michael to directly relate to his audiences and demonstrate the successes achievable through his speeches.

Michael's unique ability to demonstrate practical application to complex situations and theory generate thorough understanding throughout his audiences.

World-Leading Expert

Michael is a world-class expert in such areas as:

- Organizational Culture
- Organizational Performance
- Process and Project Management
- Portfolio Design and Management
- Strategic Planning

Holding an MBA in project management, Michael weaves his vast experiences with his extensive studies of organizational performance into each and every speech. Michael has authored six books covering project and portfolio management, organizational culture and performance, and several papers in organizational culture and performance.
